– BASIC DIY

DO-IT-YOURSELF
KIT

- For 4-6 persons
- PE plastic pool that is durable, hygienic and easy to maintain
- Diameter 170 cm, height 110 cm
- Water volume 1400 litres (approx. 1200 when bathing)
- Black, chestnut brown or untreated wood
- Dark grey interior
- Powerful 25 kW stove made of marine grade aluminium

The Finnish PW-SPA BASIC DIY hot tub is a great addition to your garden or villa, bringing extra enjoyment at any time of the year. The DIY kit is delivered in parts, making it easier to deliver and assemble the tub in locations where transport is difficult.

This model has wooden panel siding made of strong 28 mm Finnish spruce or pine. The sturdy structure makes installation easy: a layer of gravel or some concrete slabs are sufficient as a foundation.
