

# PW-SPA CLASSIC DIY

Perfect for hard-to-reach locations

**DO-IT-YOURSELF  
KIT**

Stove and chimney models may vary.

# PW•SPA

– CLASSIC DIY

DO-IT-YOURSELF  
KIT

- For 6-8 persons
- PE plastic pool that is durable, hygienic and easy to maintain
- Powerful 30 kW marine grade aluminium stove with a window
- Diameter 180 cm, height 110 cm
- Water volume 1600 litres (approx. 1400 when bathing)
- Hot tub cover, made of the same strong and durable PE plastic as the tub
- Black, chestnut brown or untreated wood
- Interior dark grey, granite, black or blue

The Finnish PW-SPA BASIC DIY hot tub is a great addition to your garden or villa, bringing extra enjoyment at any time of the year. The window in the stove creates a pleasant atmosphere and makes it easier to monitor wood burning.

This DIY kit is easy to deliver and assemble in locations where transport is difficult. This model has wooden panel siding made of strong 28 mm Finnish spruce or pine. The sturdy structure makes installation easy: a layer of gravel or some concrete slabs are sufficient as a foundation.

## DO-IT-YOURSELF KIT

- Includes everything you need to assemble your own hot tub!
- The kit contains the pool, wooden panels, cover, 30 kW stove, fasteners, pipes and other necessary parts.
- The package is easy to transport on a trailer.
- Instructional video is included.

The model of the stove and chimney may vary.
